STAR TECH

E N G I N E E R I N G

Star Tech Engineering is at your service with fully equipped manufacturing facilities, a dedicated team with wide experience in each department from design, engineering, production, erection and commissioning to trouble shooting and with a management keenly eager to provide all rapid and timely assistance for successful and satisfactory completion of every project.

We Deal In: -

- CHEMICAL PLANT ALL EQUIPMENT
- STEEL STRUCTURE
- REACTORS
- FIRE FIGHTING SYSTEM
- Complete Turnkey Plant
- MECHANICAL WORK
- CIVIL WORK
- ELECTRICAL WORK
- CONSULTANCY

About Us

We are a powerful combination of experienced, well qualified engineers and extremely skilled workforce to be a dominated player in manufacturing of market leading products on a worldwide basis. Our vision is to provide high energy effective projects/equipment for dairy, food and beverage industries across the globe through development of latest technologies. We understand the need of the costumers , who are under increasing economic, competitive and regulatory pressures and partner with them to design and deliver the most reliable, efficient and innovative solutions for the process and overall project implementation.

Total Engineering Solution

We offer custom built machinery to suit your existing equipment layout and critical requirements. The entire Design and Engineering is carried out "In House". Each and every equipment is guaranteed for efficient and economic functioning. Our Design and Engineering is subjected to a continuous process of critical evaluation and improvement based on real-time operational feedback from client sites, global advancement in manufacturing processes and availability of new and better suited raw materials.

From complete Fire Fighting System, Turnkey Projects, Boilers and Reactors, Food Plant our equipment are ultra-modern and highly efficient.

About Our Leader

Mr. Shamim (Managing Director) has been successfully executed many projects and has a versatile experience of 25 years in this field. Star Tech Engineering, a company that can fulfill all your expectations as we are in the industry for years. We satisfy every customer because our whole team has more than 12 years of experience and we are looking forward to making Star Tech a more productive, reliable & more successful company. Mr. Shamim have a great vision for Star Tech Engineering. Providing quality to each & every customer/client. Satisfy them with their inquiry, consideration, or any kind of confusion related to our products. Ready for their help 24/7. This is the reason we have 98% satisfied clients yet.

Our Products

- 1. Pharmaceutical, Equipment, Reactor, Condenser, Storage Tank etc.
- 2. SS & MS GI Steam Line Fabrication and Erection of Boiler.
- 3. Refinery, Piping, Main Line Pump and Tank SS MS etc.
- 4. All Structure Fabrication and Erection.
- 5. Customize tool processing equipment
- 6. MEE Plant.
- 7. All chemical plants, Structure Electrical Automation.
- 8. Water Treatment System.
- 9. Food Plant.
- 10. BORL Main line pump erection.

STEAM PIPELINE MANUFACTURING

A process steam system is an efficient, energy saving system used by the manufacturing industry, as steam is regarded as a cost-effective energy source. The production of steam through this system is among the topmost energy-intense processes, especially in the field manufacturing.

MS & GI PIPELINE

We are expert in installation of compressed air pipeline, chiller water pipeline, cooling water pipeline and fire safety pipeline in all kinds of industries. We are committed to provide our customer superior service and products at a reasonable cost.

SS PIPELINE FABRICATION SERVICE

Executed by professionals

As per Client's specification

Ensures complete satisfaction

STEAM BOILER

A Boiler is an enclosed vessel that provides a means for combustion heat to be transferred into water until it becomes heated water or steam. The hot water or steam under pressure is then usable for transferring the heat to a process. Water is a useful and cheap medium for transferring heat to a process.

MAIN LINE PUMP BB3

General. Our API 610 type BB3 pumps are multistage, center line mounted, axial split, single suction, between bearing pumps. The pump and motor are flexibly coupled and installed on a common baseplate.

REACTOR

- *Corrosion resistant**
- *Leakage proof**
- *High Tensile Strength**
- *Genuine steel Built**
- *Affordable prices**

CUSTOM FOOD PROCESSING EQUIPMENT

- *Excellent Durability**
- *Dimensionally Stable**
- *Low Maintenance**
- *High Durability**
- *Corrosion Resistance**
- *Perfect Design**
- *Outstanding Performance**

STEEL STRUCTURE

- *Excellent Durability
- *Rigid Construction
- *Economical
- *Durable

WATER TREATMENT SYSTEM

Star Tech Engineering has emerged as a leading and reliable manufacturer and supplier in the field of Mineral Water Treatment Plant.

We design and manufacture revolutionary ultraviolet products and systems, keeping up with the rapidly changing marketplace.

MEE PLANT

- ❖ Water Evaporation Plant
- ❖ Falling Film Evaporator Plant
- ❖ Salt Recovery Evaporation Plant
- ❖ Caustic Recovery Plant

STARTECH
ENGINEERING

CHEMICAL P L A N T

A chemical plant is an industrial process plant that manufactures chemical, usually on a large scale.

The general objective of a chemical or biological transformation and/or separation of materials.

MILK PLANT

Milk processing plant is an essential part of the food processing industry. It is used in processing all kinds of milk made products.

List of Ongoing Projects

Client	Address	Scope	Status
Premier Energies Ltd.	Fab city, Maheshwaram, Hyderabad, Telangana	<ul style="list-style-type: none"> • MS tank fabrication • Pipe line fabrication & erection • Fire hydrant system works 	Ongoing
Premier Energies Ltd.	Fab city, Maheshwaram, Hyderabad, Telangana	<ul style="list-style-type: none"> • Water treatment Tank and Piping work 	Ongoing
Rajasthan antibiotic Ltd	Bhiwari Rajasthan	<ul style="list-style-type: none"> • MEE Plant and Cooling Tower piping work 	Ongoing
Membrane group India Pvt. Ltd	Fab city, Maheshwaram, Hyderabad, Telangana	<ul style="list-style-type: none"> • MS & SS Tank fabrication & Erection Work • UPVC and PVC piping work 	Ongoing
Bharat Oman Refineries Ltd. By Thermosystem	Refinery Complex, Residential Complex, Bina Dist. Sagar, Madhya Pradesh- 470124.	<ul style="list-style-type: none"> • Main line pump erection & installation. 	Ongoing

Current projects

1. Heat Exchanger of SV ENGINEERING AND CONSULTANCY SERVICES.
2. Structure Work, Piping Work of QUALIENT CHEMICALS PVT. LTD.
3. Piping Work, Manufacturing Work, All Equipment Work of Rajasthan Antibiotics Ltd.
4. Erection Work, Main Line Pump, EOT Crane & Piping Work of Thermo System Pvt. Ltd. (Under Bharat Oman Refinery Ltd.)

Our Clients
